Successful Concert

Under the auspices of Strathmore G.W.V.A. a very enjoyable concert was held on Saturday evening, November 16th, 1919, in the Memorial Hall. The W.M. Memorial Fund will benefit by the amount of \$100.00.

Following the concert a short dance was held, to the music of 'Hilites' orchestra.

The artists during the evening were—Mrs. A. Campbell, Miss Chrystal, Mrs. D. French, Mrs. E. Christie, Mrs. Helen Mongomery, Miss Anna Jackson, Miss K. K. Miller, and Sarah Miller. Messrs. George Thorpe, L. B. O. Luttrell, Eric Ridge, Eric Tabor, W. Kreyer, Mr. Williams, and Mr. T. J. T. Jones.

The programme was of a very varied nature, and included comic and sentimental songs, Italian Dances by Miss Anna Jackson, and a solo dance to a solo by Miss Miller.

'A Night in Billes' by Messrs. Kynell, Williams, and Springfield, who presented a very good comedy sketch, some very original effects were introduced.

'Cheeky' became from Hong Kong, a solo by Miss Anna Jackson, and a solo by Mr. Ben Tudor, in his comic and sentimental songs. The selections provided by the orchestra were much enjoyed by all.

A great many people came to make any comparisons. During the interval Comrade Mr. Montgomery conducted the audience through Chemistry, Physics, Algebra, Trigonometry, Arithmetic, Literature, History, Geography, Science, Geometry, Natural Training, and Physical Culture all of which subjects are called for in the curriculum of the High School.

At the present time, the staff of 5 teachers are conducting classes in Chemistry, Physics, Algebra, Trigonometry, Arithmetic, Literature, History, Geography, Science, Geometry, Natural Training, and Physical Culture all of which subjects are called for in the curriculum of the High School.

With regard to discipline, no suggestions or other drastic forms of punishment are used.

I wish to draw public attention to the fact that the profits of all collections are turned over to the school.

On November 16th, 1919, it was a very large handicap to the late comers, and to those who left it pained me greatly to see that it was impossible to give each grade its turn.

It is a great pleasure to see the children advanced in their studies, and I am sure that the time it means a loss in time to cover a course will be more than made up by the time saved in the future.

A letter was read from the Honourable Mr. Oliver appointing the Board of the Education on December 5th of the following year, and the new Board of Education was appointed.

Two new members, Mr. E. Sly, for one year, and Arthur Shaw, for one year.

Conference of Trustees.

The Board of Education has been in session calling for a meeting of the town, and rural trustees throughout the Province to deal with the situation arising from the recent increase in rates, increased taxes, and the demands in some portions of Southern Alberta.

It has been decided to call a meeting of the trustees on December 5th of the following year.

Before the meeting, the Board of Education will be in session to consider the matter.

It is my opinion that the Board of Education will be in session to consider the matter.

It is my opinion that the Board of Education will be in session to consider the matter.

School Report**An Interesting Review**

To the Chairman of the School Board, Strathmore, Alta.

I beg to submit the following report covering the period from Sept. 1, 1919 to Dec. 1, 1919.

The school has been open for 92 days. The attendance by grades has been as follows:

	Boys	Girls
Grade 1	2	10
2	2	8
3	4	12
4	5	8
5	6	11
6	6	11
7	1	1
8	2	5
Total	73	71

High School

The High School has been open for 149 days.

The present daily attendance is 149, but September 1st, 1919, was October 1st, 1919.

At the present time, the staff of 5 teachers are conducting classes in Chemistry, Physics, Algebra, Trigonometry, Arithmetic, Literature, History, Geography, Science, Geometry, Natural Training, and Physical Culture all of which subjects are called for in the curriculum of the High School.

With regard to discipline, no suggestions or other drastic forms of punishment are used.

A great part of the success of the school is due to Mr. Eric Ridge, teacher of English.

He is a man of great ability and knowledge, and has a way of presenting his subjects that makes them interesting.

Christmas at the Stores**Where to do Your Christmas Shopping**

This is the first Christmas for the last five years that has been entirely free from the sense of war. Last year at Christmas time the guns had stopped, but it was yet an armed time, and therefore preliminaries had not been started.

This Christmas Canada's men are back on their peace time job, and only a small remnant is left on the other side finishing off the accounts.

In every section of the world, however, there is still a Merry Christmas, and the local stores are equipped with everything necessary to ensure this.

AT BRAND'S

The present daily attendance is 149, but September 1st, 1919, was October 1st, 1919.

At the present time, the staff of 5 teachers are conducting classes in Chemistry, Physics, Algebra, Trigonometry, Arithmetic, Literature, History, Geography, Science, Geometry, Natural Training, and Physical Culture all of which subjects are called for in the curriculum of the High School.

With regard to discipline, no suggestions or other drastic forms of punishment are used.

Treatment of the "New" Canadians

In this column last week some comment was offered on Mr. C. C. Crear, in which he was described as the leader of the movement of distinctly class movements in Canada, and offered words of advice and warning to people who were not prepared to be particular, not to be led astray by new and untried men who were now espousing their cause, since it had been common, and still is, for such men to hold aloof from it in the days of stress and hard fighting when it was not so generally acclaimed.

This week we would direct attention to another man, Mr. J. A. Malabar, one of our great firebrands, delivered before the annual meeting of the Saskatchewan Grain Growers' Association at Regina. Mr. Malabar emphasized the importance of continuing the educational work of the old political party, and taking it for the new political movement. The people had decided, he said to try out a new method of education, but the old educational gains were not to be thrown away, and they would be to ensure the success of the new movement. Endorsing the views expressed by Mr. Crear, the president of the Saskatchewan Grain Growers declared that if the new political party should develop into a class political organization, its usefulness would be limited. Therefore, the educational efforts of the parent association must be made to permeate through all classes. He advised the young people to speak from among all classes, and that support must continue to be directed to hold it.

People, particularly those who had been active in the old political parties to join the new movement was commented on by Mr. Malabar, who declared that the old political geniuses should be relegated. He pointed out that many of the adherents of the old political organizations had joined the new party, half of the new party members for many years, and it should not be forgotten that it was behind those who were in the old party that the new party must continue to be directed to hold it.

Of particular interest, was the reference to those who had

abstained toward them, and with special reference to the new Franchise Act, which is to be drafted and passed at the next session of Parliament. In regard to this, he said that the South African war was brought about on account of an imminent franchise, he declared that in Canada we had the franchise, and that the franchise that kind was allowed to bedevil the name of the Dominion.

Mr. McLean pleaded for the test of experience, and that the exact quality of Canadian betterment.

Mr. Newman would beat the westerners at their own game and play up for exhibitions and not let the prices go west, so that they stimulate

trade toward better better-making.

Faint and Dizzy Spells. Weakness and Shortness of Breath.

You can generally tell when the faint is affected by the faint and dizzy spells, vertigo, dizziness, trembling, irregular beating, and shortness of breath, and all gone feeling, shaking, sensation, etc.

Many men and women become rundown and worn out when otherwise they could be strong and healthy. They are easily fatigued, and the first sign of heart weakness.

To make the heart regain strength and vigor, regulate its beat and restore the heart to its normal condition.

As Millburn's Heart and Nerve Pills, "I have used towards the second half of Millburn's Heart and Nerve Pills, and I am much improved.

I had those fainting, dizzy spells, over a while, and also weakness, and became so exhausted up at times.

In bed. Walking too fast I would have to stop and try to catch my breath. I have used your pills and know that I have improved very much.

Price \$6.00 a box at all dealers or send to Millburn Co., Ltd., Toronto, Ont.

A full dose is cut low, but the bill for it comes high.

There is no more effective vermifuge on the market than Miller's Heart and Nerve Pills.

Clear the stomach and bowel of worms, and will prove a very serviceable remedy for those suffering from the bilious system and main artery.

There is nothing in this composition that will injure the most delicate stomach, and will give relief to those who have it.

It has been given to children to help them to grow, and to help them to live with us.

It has had trouble in keeping body and soul together."

Contentment is never併egatory except.

A Not Unusual Case

"Here's a Sontown post singing that white boys are the first post who has had trouble in keeping body and soul together."

Contentment is never併egatory except.

To our interests, with those, and in all our public policies, we should treat them, not as aliens, but as Canadian citizens, and not as enemies, and so conducting ourselves toward them as to give them a real guarantee, we should be kindly and considerate in our treatment, while the same time we should be open identifying themselves thoroughly with our Canadian institutions and adopting our national ideals. A postman, who has had trouble with his wife, will get us nowhere. They will merely widen the breach between him and his wife, and the simulation. But sympathetic consideration and fair treatment will make them loyal Canadians, while their love of country will make them even more patriotic than those who have a cool sick sheet into the bargain.

It is an interesting fact, that those

who are up late, and in all our public policies, we should treat them, not as aliens, but as Canadian citizens, and not as enemies, and so conducting ourselves toward them as to give them a real guarantee, we should be kindly and considerate in our treatment, while the same time we should be open identifying themselves thoroughly with our Canadian institutions and adopting our national ideals. A postman, who has had trouble with his wife, will get us nowhere. They will merely widen the breach between him and his wife, and the simulation. But sympathetic consideration and fair treatment will make them loyal Canadians, while their love of country will make them even more patriotic than those who have a cool sick sheet into the bargain.

To our interests, with those, and in all our public policies, we should

treat them, not as aliens, but as Canadian citizens, and not as enemies, and so

conducting ourselves toward them as to give them a real guarantee, we should be kindly and considerate in our treatment, while the same time we should be open identifying themselves thoroughly with our Canadian institutions and adopting our national ideals. The Hospital Dance Local Notings

Under the auspices of the Strathmore Hospital Board, a hospital dance was held on the 12th inst. The dance was given on short notice, there was a good attendance. Music was provided by the "GALT" Orchestra. Mr. Harry Vickers made a competent MC.

The proceeds of the dance after deducting expenses, were \$24.45. During the course of the evening, a raffle was run. Mr. W. E. Brown was elected first and the draw was won by Mr. Gurner of the C.R.R. whose number was 117. The amount realized by the raffle was \$84.40.

UNITED FARMERS OF ALBERTA

The Annual Meeting of the Strathmore Local, United Farmers of Alberta, will be held in the hall of the

King Edward Hotel, Strathmore, on Saturday December 20, 1919
at 2:30 p.m.

The attendance of all members is urgently requested.

For Particulars

Who have some time of the Calgary days, and since the election that Calgary was won under "Marshall" Law.

The change in the weather on Monday evening tell good after the two and a half month's spell of zero temperatures. We are now the only people in the country who can claim it. At Balnagask, Scotland, the thermometer registered below zero one day last winter, and it is still below zero part of the time. The whisky has been in demand there. As Bill Tierney would sing,

We're yet the coldest out to learn
We're yet the happy coffee urns.

But when the coal goes on the fire, we fondly think.

And doctors make us run and trot
When hope of home we quite bereft.

Jamaica Ginger will be left.

It is the time of year to come to town, as an Indian scientist has prophesied, you won't be happy to shuffle off with the reminiscence of an uneventful winter. The Standard.

If it doesn't find us in the job taking in subscriptions, and if "Yours is due we would be happy to receive it.

The date following the address on the paper shows the month and year on which your sub. expires.

The wedding took place quietly at Strathmore on Wednesday of this week between Mr. and Mrs. Carson, to Mr. Ed. F. Werling, proprietor of Everybody's Garage. The ceremony was performed by Rev. J. P. O'Neil, of the First Methodist Church, and friends of strathmore and following that the happy couple left on a short honeymoon, and are now settled down in their new home. They are now receiving the sincere congratulations of their many friends.

Formerly down at Fort Macleod on the 20th inst. The farmers are going to be the predominant factor in Canada in next year. The men of the prairies should make a point of belonging to the U.F.A. and taking an active interest in its affairs.

Strathmore G.M.V.A. held their annual election of officers last night and a report of same will be published in next issue.

The daughter of Canon and Mrs. Carson, who was in bad health reported as being seriously ill, is now, we are happy to state, making good progress towards recovery.

Strathmore British Woman's Institute wish to thank all those who so generously contributed clothing for the soldiers overseas. They contained 18 pieces. Any who were unable to contribute to this shipment please leave their parcels at the Ladies' Roomette for future shipment.

The new Garage at the Maple Leaf is now getting into shape and should be soon in full operation. The alterations being made are very extensive, and will transform the interior of the building.

Once more, arrangements are being made for more pictures being held in the hall of the King Edward Hotel. We have talked about so much in the past that it may be looked upon as a false alarm, but we are assured that it is the real goods this time.

The Ladies' Orchestra Dance comes off to-night and a large crowd and a good time is anticipated.

The Duke of Devonshires Christmas Message to the Boy Scouts of Canada.

The question is often asked what will be the future of Canada, and the immediate reply is to point out the wonderful national assets of the country. These afford endless opportunities which it provides, but far by the greatest of all assets is the character of her citizens.

The history of Canada in Peace and War is a record of continuous success, and it is for us in our generation to see that the record is worthily maintained.

Our great success lies in the Canadian boy to-day.

He inherits a great tradition, he has the instincts and qualities which have made British and Canadian citizens what it is, and as a boy, should see the opportunity of transmitting himself to the world in the best of them.

The young are drawing to a close

the 100th anniversary of the confederation and as Chief Scout I am glad to have the privilege of wishing every Scout a Happy Christmas and a Prosperous New Year.

Chancellor District and The Anzac Colony

— — —

It begins to appear that the cold snap is really the "freezes up" and that winter has definitely come. The weather has been so severe that the mother earth, still bringing to conclusion another farming year, leaves many farms with their grain stored in the stores, and others with their grain in the fields instead of the elevators.

The three Chancellor elevators have been kept continually busy since the harvest began and up to the time of writing the return shows the handling of approximately 165,000 bushels and 100,000 bushels of wheat were in progress.

These results speak much for the Chancellor district which includes the towns of Lethbridge, Vauxhall, and the south of the C.P.R. line and justify both their efforts individually and those of the Canadian Pacific Railway Department of Natural Resources in their soldier's rehabilitation land scheme.

The Anzac Colony has certainly given an excellent field of opportunity for the soldier who has had the linking and the ambition to make good on the land, and at the close of this the second year, more than 1,000 individuals have made their living in this unique way against the various difficulties with which they have to contend.

Farmers, speaking generally on the subject, are in full agreement in regarding them. Soldiers-farmers stir right back from France, many have now and now that the Government has given them the chance to buy their own land, and the same is true of the men who have come here.

In the spring of 1916 the C.P.R.

gave the ball rolling for the big scheme, and the surveyors commenced the work of staking out the rolling prairie, dividing up the ranges in sections of 240 acres, each section to comprise the land for one farm. Contracts for building, fencing etc., were soon entered into.

In the summer of 1916 the summer work was in progress during the summer term of 240 acres was forced to wait until the first of October, when a week of rain followed, and the work was suspended.

Now in the future, you won't go wrong in consulting

the terms of purchase were published in the paper, reasonably shown by the many names of applicants and the first applicant took up residence in May 1918 and within a

short time 24 out of the twenty five houses were sold.

Horses and cattle were supplied

on time and arrangements were made

for the sale of implements.

Up to date the cereal crop was harvested under the exceedingly dry conditions of the past year (1918), but nothing daunted, the land prepared for the next year, and the new seed bed. The next year being the season just passed although not being an ideal year for sowing brought in a good crop.

Throughout the colony buildings

improvements and additions are being

made in all directions.

Community conditions and facilities

too, are steadily improving.

During the present year, the Sunnies

have had their first school and

now an attendance roll of some thirty

one children. The school building, in

addition to its educational capacity,

is used for athletic contests, holding

of several dances and entertainments,

and also for the formation of the local branch of the Great War

Veterans' Association.

Now the Colony has the promise

of a Memorial Hall of which much

has already been written in these columns.

And the present is the evolution of

this dream, and which is to be built

by the request of the soldiers in the

town of Chancellor.

Chancellor is now, undoubtedly

the centre of a good wheat raising and

farming district, and it appears evi-

ently that the town will experience

the same "mushroom" growth that

the surrounding districts have done

during the past three years.

ALEX CLEMENTS

Veterans Meet

Alberta veterans at the third annual session of their convention, in Edmonton decided to urge the Dominion command of the G.W.V.A. to call a Dominion wide convention as soon as possible, to discuss the question of continuing the campaign for a cash bonus to all returned soldiers.

Resolutions touching a wide range of subjects were adopted, including the morning's session in the Macdonald hotel.

One of the most important of these demands that a resolution of nationalization above be that they read, write and understand English.

In addition to this it was decided to send a delegation to the Dominion convention to present nationalization papers to any soldier who served with the Canadian Army, on presentation of his discharge papers as proof.

The convention asked the provincial government to secure its share of the Dominion grant of \$25,000,000 for the pension of persons disabled.

The resolution reads:

Moved by Swift, of Calgary, seconded by Newell, of Edmonton.

"Whereas the sum of \$25,000,000 has been allocated to housing by the Dominion Government, and

"Whereas the province of Alberta has not availed itself of the use rate of this amount, and

"Whereas our returned comrades are facing greater hardships from the lack of suitable and comfortable housing accommodation throughout our province, therefore, be it resolved,

"Resolved, that we demand that the proper authorities take the amount available for the province of Alberta be used for the object of housing returned soldiers."

Wider regulations

Vocational training regulations are asked to be widened to include any trade or profession, regardless of sex, all men, whether disabled or not, who were interrupted by enlistment in the learning of a trade or profession.

The convention asked the Dominion government to use all possible haste in the construction of the tubercular sanatorium at Bowmore park.

"Resolved, that we demand that the institutions at Frank and Wotewkin may be abandoned as soon as possible."

A suggestion that a referendum of the people of Canada be held on the question of a cash bonus to all soldiers was voted down with the idea that the Dominion convention would do better in presenting a resolution on the campaign for further action along these lines by the government.

Mr. J. H. Martin was the Strathmore delegate at the Convention.
